Qdell & LHR Express

What's New

Qdell & LHR Express Cars join forces with

Qdell and LHR Express Cars join up with Inpost, the award winning Polish based parcel delivery company.

Parcel lockers have been installed at our premises in Station Road, West Drayton. This provides a 24 hour collection services for online shoppers who are not home during the day. Simply order your goods online, have them delivered to our onsite parcel lockers.

When your package has arrived, you will receive a text message and an email with your 'one time use' access code and the location of the collection parcel locker.

This can be a QR code or a 6 digit numerical code. QR code is sent via text message (with a clickable link which shows the code) and an email (as an attachment). Collecting a parcel with a QR takes only 7 seconds - you just needs to scan the code at the collection parcel locker.

Collecting using a numerical code takes only few seconds more, you need to key in the code on the parcel locker screens.

You can collect your parcel when it is convenient for you, beats waiting in for a collection, or even arrange for us to deliver it for you.
